

Is your curriculum specifically designed for family child care? Gee Whiz is!

At Gee Whiz, our goal is to support FCC providers as they work with children and families. To that end, the curriculum we create is designed just for YOU ... the family child care provider. Not only that, the Gee Whiz curriculum addresses all 10 developmental areas and gives you the tools you need to increase your star rating in many areas. At Gee Whiz, we also believe that training is extremely important. That is why we provide webinars (both live and recorded) for FREE as part of our commitment to family child care.

Whether you are a provider currently using Gee Whiz or a provider looking to learn more about it, please plan to join us for our next provider webinar, "An Introduction to Gee Whiz." During this interactive webinar, you will learn more about:

- How Gee Whiz addresses all ages from infants to school-age in one program
- How you can easily adapting Gee Whiz learning experiences for different developmental levels
- How you can enhancing the learning environment while using Gee Whiz
- How Gee Whiz engages, and encourages, parental/family involvement
- How Gee Whiz meets, and exceeds, state and national ECE standards
- Why Gee Whiz is the best curriculum choice for family child care providers!
