

Now It's Time to Wash Our Hands

(tune: "The Wheels on the Bus")

Now it's time to wash our hands,
Wash our hands, wash our hands.
Now it's time to wash our hands;
Wash them now with me.

We wet our hands with water warm,
Water warm, water warm.
We wet our hands with water warm;
Wet them now with me.

We must use soap and rub & scrub,
Rub & scrub, rub & scrub.
We must use soap and rub & scrub;
Scrub them now with me.
(Sing this verse several times so the children scrub for 20 seconds)

We rinse the germs right down the drain,
Down the drain, down the drain.
We rinse the germs right down the drain,
Rinse them now with me.
(Sing this verse several times until rinsed well)

We'll dry off with a paper towel,
Paper towel, paper towel.
We'll dry off with a paper towel;
Dry off now with me.

And always throw your towel away,
Towel away, towel away.
And always throw your towel away;
Do it now with me.
